

Primary Sports and P.E Premium

2017-2018

Throughout the year, our primary pupils will be participating in a range of sporting opportunities. The primary sports and P.E premium funding is contributing to the cost of the following –

- Movement Works (Autism Movement Therapy)
- Gymnastic sessions in the local community and internal gymnastic equipment
- Community sports afternoons

These opportunities will allow our pupils to develop and make progress towards mastery in their Personal Learning Intentions, (PLI's) their fine and gross motor skills and how to access sports and activities within the local community. This will also allow them to develop their social, personal and emotional skills and wellbeing.
